

POLÍGONOS DEL VALLE DE UCO
GUALTALLARY MALBEC 2018

Gualtallary, Valle de Uco. Altitud, 1300 mals.

POLIGONOS
del Valle de Uco

We make mountain wines. The Andes Range determines the identity of our wines, since it is decisive in the climate, water and soils.

We believe that the Uco Valley is, due to its proximity, the area that best expresses the mountain identity in Mendoza. Since we began to explore its diversity, I was captivated by the austere richness and uniqueness of each of its towns.

Polígonos is the expression of those towns of the Valley. These are wines that make us travel through

those places, through their landscapes, climates and soils. Its grapes come from different places that can be imagined on a map with diverse shapes and edges. A weird geometry as diverse as the sides of a Polygon. As diverse as the wines of each town.

POLÍGONOS DEL VALLE DE UCO

GUALTALLARY MALBEC 2018

ORIGIN

Gualtallary, Valle de Uco.
Altitude: 1300 mals.

SOIL PROFILE

Soils originated in the alluvial fan of the Las Tunas river, and with wind contributions. Very heterogeneous. Generally sandy, of little or medium depth. It presents gravels of medium size, caliche and abundant calcium carbonate deposits.

HARVEST

It was a warm and dry vintage. These conditions guaranteed exceptional health of all varieties. The wines show great color and freshness, characteristics of this season, thanks to the harvest of each plot at its optimum moment.

VINIFICATION

Fermented with native yeasts in concrete vessels.
Breeding in concrete.

GRAPE

100% Malbec

ALCOHOL

14 % vol.

TOTAL ACIDITY

5,92 %

RESIDUAL SUGAR

1,61 g/l

SEBASTIÁN ZUCCARDI, Viticultor.
