

POLÍGONOS DEL VALLE DE UCO
PARAJE ALTAMIRA MALBEC 2018

Paraje Altamira, Valle de Uco. Altitude, 1100 msnm.

POLIGONOS
del Valle de Uco

We make mountain wines. The Andes Range determines the identity of our wines, since it is decisive in the climate, water and soils.

We believe that the Uco Valley is, due to its proximity, the area that best expresses the mountain identity in Mendoza. Since we began to explore its diversity, I was captivated by the austere richness and uniqueness of each of its towns.

Polígonos is the expression of those towns of the Valley. These are wines that make us travel through

those places, through their landscapes, climates and soils. Its grapes come from different places that can be imagined on a map with diverse shapes and edges. A weird geometry as diverse as the sides of a Polygon. As diverse as the wines of each town.

POLÍGONOS DEL VALLE DE UCO

PARAJE ALTAMIRA MALBEC 2018

ORIGIN

IG Paraje Altamira, Valle de Uco. Altitude, 1100 mals.

SOIL PROFILE

Soils originated in the alluvial fan of the Tunuyán river, in its upper zone. Very heterogeneous. Sandy loam surface horizon with medium and large gravels at variable depths, with abundant coverage of calcareous material.

HARVEST

It was a warm and dry vintage. These conditions guaranteed the exceptional health of all Varieties. The wines show great color and freshness, characteristics of this season, thanks to the harvest of each plot at its optimum moment.

VINIFICATION

Fermentation with native yeasts, in concrete vessels.

Raised in concrete pots.

GRAPE

100% Malbec

ALCOHOL

14 % vol.

TOTAL ACIDTY

5,92 %

RESIDUAL SUGAR

1,61 g/l

SEBASTIÁN ZUCCARDI, Viticultor.
