

ZUCCARDI FÓSIL 2018

San Pablo. Altitude 1400 masl.

The word "Fósil" is written in a bold, expressive, black calligraphic style. The letters are thick and fluid, with some overlapping strokes, giving it a dynamic and artistic appearance.

Fósil is a white mountain wine. It comes from our vineyard in the Estancia Place within the IG San Pablo, at 1400 meters of elevation, and only 300 meters away from the Cordillera.

The immensity of the mountain range and its proximity makes everything that surrounds it extreme: its climate, its landscape, its identity.

Fósil is a place wine. Born from the unrepeatable combination of cold weather, calcareous soils, and Andean breezes from one of the highest areas of the Uco Valley.
