“For the first time in 26 years of history, we have awarded 100 points – to two wines, both from Argentina. We have closely watched the evolution of how Sebastián Zuccardi (Supercal) and Alejandro Vigil (Mundus) approach the task of expressing in the wine the vineyard from which these superlative reds were born. We have seen how, with each harvest, they achieve greater precision in interpreting the place and the grape. What we have is the crystallization of the serious and meticulous work of two of the best producers today in South America.”
