ZUCCARDI SERIE A TORRONTÉS 2025

ORIGIN

Salta, Argentina. 1800 m | 5906 ft.

THE PLACE

Salta, in the northwest of Argentina, is the birthplace of Torrontés. This region is renowned for having the highest vineyards in the world, up to 3100 meters, and a significant temperature variation, averaging around 25°C.

These characteristics favor the ripening and concentration of the grapes to obtain highly expressive wines, with unique and unrepeatable quality and typicity.

VINIFICATION

Manual selection of clusters before destemming and pressing. Fermentation with native yeasts. Aged on its lees for 6 months.

TASTING NOTES

Pale yellow in color with greenish reflections. On the nose it displays typical aromas of the variety such as linden flower, citrus fruit and white fruit, always with a fresh and elegant profile. The palate is dry, with very lively acidity and good volume. Citrus fruit notes persist in the finish. It is an aromatic, elegant and fresh wine, which tells us about the variety and the region.
